The meeting was called to order at 6:06 p.m.

The minutes of January 24, 2006, were approved.

The Director's Report (see at the end of the minutes) was moved to this point of the agenda, so that Priscilla could discuss the budget process. As in the past, the Senior Leadership Team (SLT) has prioritized budget requests to go to the County Commissioners:

- Priority 1: Continuation (includes materials purchases and processing, contracts, postage, mileage, travel, training, security, M& R equipment, bookmobile gas, and rent for Parkwood and North)
- Priority 2: Staffing (includes finance officer, deputy director, administrative assistant for the director, and increase in development officer's hours)
- Priority 3: East Regional Library (includes supplies, materials purchases and processing, marketing expenses, maintenance, security and day porter)
- Priority 4: North Regional Library (includes supplies, materials purchases and processing, marketing expenses, maintenance, security, staffing and day porter)
- Priority 5: Warren Branch Library (includes supplies, materials purchases and processing, marketing expenses, and maintenance)
- Priority 6: Collection Development (R&TS expenses for outsourcing AV, RFID tags and supplies)
- Priority 7: Technology (video projector system, barcode scanners, training, microfilm digital readers and printers, and self-check, media check and digital disk inspection machines)
- Priority 8: Security Management Systems (cameras, keyless access and maintenance for Main, East, North Regional, Warren and Southwest)
- Priority 9: Improvements to the Main Library (replacing first floor carpet)
- Priority 10: Additional Vehicle (van and courier)
- Priority 11: Additional Staffing (Library Assistant for NC Room, and Librarian 1 for system-wide juvenile collection development)

The board expressed support for listed priorities. The SLT will meet Thursday morning (11 AM) to complete figures and reformat requests—some board members will attend. Following that, the board will have a special meeting March 7, 6 PM, for the sole purpose of final budget review. Priscilla will submit the budget to the County Commissioners' office March 10, to allow time for adjustments prior to the March 17 deadline.

The other item addressed from the director's report was the February 20 charette concerning the South Regional project. The meeting brought together the various project players. At that time variations on option 2A were presented, and some members of the board expressed concern about attempts to revise the plan approved by the county commissioners, as well as some new details. Priscilla noted that she has been asked to provide a list of approved commercial enterprises, and those that would be unacceptable. The project is now eight months behind schedule; the delays have not come from the library. She also asked that a member of the board, preferably from the Facilities committee, attend future charettes, when they are scheduled; Elsa agreed to attend the meetings.
