- On Monday February 23rd, SmithGroup presented its report on the Main Library’s Planning & Programming Study to County Commissioners. At Tuesday’s meeting, Mr. Auld shared the report with the Library Family. The Commissioners voiced concerns about having a café/food in the library and if there would be adequate parking for the newly relocated Liberty Street library entrance. The architects will continue looking into this. Mr. Hewitt raised a concern about the amount of comfortable seating throughout the library. Mr. Auld addressed the concerns stating that the steep hill near Liberty Street will be re-graded and the parking lot will be extended. He said that there is a possibility that food and drinks would be limited to one floor. He is still researching libraries which allow food to see how it is working. The amount of lounge seating can be expanded. We will try to balance the amount
of lounge seating with tables and other work surfaces. Mr. Hewitt asked that we look into a diversity of seating options.
