A Financial Report was submitted as an attachment. The board reviewed and discussed the Library Health report. The report will be edited to include ebook circulation and collection growth, as well as to break out revenue from state aid, federal grants and other grants.

c. Director’s Report (T. Baggett)

The Director’s Report was submitted as an attachment. Plans will be made in regards to computers and the collection at McDougald Terrace Library.

We are looking at implementing a change in how we provide services at McDougald Terrace. We would provide story times and teen programs on an outreach basis, and no longer maintain a facility there. The reasons for this are budgetary as well as related to staff allocation. We did not receive funds in the FY 2014 budget to provide for cleaning or security at the facility. Funding for the staff position at McDougald would be shifted to Stanford L. Warren to accommodate an increase in programming and services at that branch.

The Board of Trustees issued a statement in support of McDougald. It was moved that the Board of Trustees go on record of supporting the changes in service provision to McDougald Terrace that have been outlined by the library director.

Ms. Sykes moved. Mr. Hewitt seconded. Passed unanimously.

c. Policy Committee Report (J. Sykes)

No report was given.

e. Advocacy Committee Report (B. Tench/C. Dreisbach)

The Advocacy Committee’s current initiative is a video advocacy project to archive Durham history, which they are working on with Durham County Librarian Jennifer Lohmann and other library staff. The project will center around local stories captured on video that will be archived digitally by the Durham County Library. The Advocacy Committee and library staff will be meeting again in the early part of August to start planning a facilitated brainstorming session for representatives of relevant groups in the community such as filmmakers, storytellers, video archivists and local historians. The goal of the facilitated brainstorming session will be to generate new ideas, devise a project plan, explore hosting avenues, build interest in the project, and gain buy-in. It was suggested that the Advocacy Committee consider involving WUNC radio host Frank Stasio in this project.
