REPORTS FROM LIBRARY STAFF

Director’s Report (T. Baggett)
Bragtown is moving forward with reopening; interior repairs will be started this fiscal year and opening will occur by next school year. County manager’s budget announced recently, included 11 new DCL positions; 10 at Main Library and one dedicated Bookmobile driver. Staff Development Day was held on Wednesday, May 15. Main is on schedule: NC Collection, Maker Lab, and items in Duke storage will be the first to move in in December. Opening is still slated for Spring 2020, with no further specificity.

T. Hill reports on NIH “All of Us” grant, which will fund collection of genetic information from the broader community to study how environment and genetics coalesce to inform health. The funding will increase health information literacy throughout the community. The amounts are $61,000 last fiscal year and $51,000 in the current fiscal year. A staff member has been hired. Ms. Fennell, North Regional manager, hosted a program for people who have experienced amputations to be able to move better, which has yielded a success story.

The artist who will create the exterior public piece for Main has been selected, but not announced.

Health Report (T. Baggett)
