Dear Hazel:

This is your day.

We take great pleasure in congratulating you on this occasion.

Your years of toil from time-in to closing-time have ended. In spite of what you may have heard otherwise, you have paid your dues and you have worked hard for this day. It is now yours, enjoy it.

May your days be doubled and you receive all of the joys that you have earned. Please continue to live a full life and share your life with those that need you, you will never regret it.

Sincerely,

Kelly and *Artelia*
