Process for Voting and Selecting New BOT Members (W. Whichard and C. Meek)

The committee presented the following suggestions to create a process for voting and selecting new board members:

• Board members will submit questions to the interview panel.
• Interview panel will report back to Board the results/notes from the interviews.
• Interview panel will suggest a candidate voting procedure for board approval.

The board discussed concerns and offered suggestions. It was suggested to screen applicants based on applications.
